Cup of Cool Water

Uplifting Critical Communities by Revolutionizing Key Ministries

Box 1941 Bujumbura Email : cupofcoolwater1042@yahoo.com www.cupofcoolwaterburundi.weebly.com Tel: (+257) 79 951 467

Dear Prayers partners and friends,

Wishing you a Happy New Year 2016!

Gratitude

The year 2015 was very blessed for our ministry as we achieved great things: a completion of construction of the clinic and a provision of medical equipment partly.¹ This step forward was made possible thanks to every kind of unceasing support from prayer partners and friends who you are. CCW Staff members and beneficiaries express our genuine gratitude to all of you!

Donations from Tricia help saving lives

The team at CCW express his gratitude to Tricia C. for her generous donation. Part of it was used to purchase one table and two chairs for one of Mbabazi clinic offices. Another part was used to pay for health care expenses for Ndikumana's family as Rose the wife to Charles, Rahay Roy their daughter and Charles himself recently suffered from Malaria. Rahay Roy was even admitted into a private Hospital in Gitega Province at more than 100m away from where her parents presently stay. Now the sick ones are rescued from the cruel illness. In Burundi, the cumulative probability of malaria death (per 1000 population) showed a rate of 141,6 (per 1,000) in 2011, which is the 11th highest rate in the world.²

A- two day - prayer programme at Mbabazi clinic

CCW staff met on 21-22 last November at Mbabazi clinic to pray together for more effectiveness of our ministry, to evaluate the need for our clinic and to pray for peace to be restored in Burundi fully. Once the clinic is supplied with water we can start running the clinic with a minimum of services as we already have a minimum of medical equipments. This would be a first aid unity- a kind of dispensary - to save lives of sick desperate poor Burundians who are in need of assistance in health care now. A minimum of \$16,033.00 to purchase initial medications and \$ 12,000.00 to purchase more medical equipments and furniture and \$ 5,186.00 per month as staff reserve is still needed.

Prayer day: Three of CCW staff during lunch time

¹ Available medical equipment: Blood analyser (1); spectrophotometer(1); Microscope(1); Micropipette(1); Centrifuge(1); Refrigerator(1); Kocher forceps(1); Haemostatic(1); Anatomic pincer (1); Kit of minor surgery (1); Otoscope, Scale for adult(1); Scale for baby(1); Kit for suture(1); Digital thermometers(4); Manual Tensiometer (2); Stethoscopes (2); Generator (1); gloves; catheters; needles; Table (1) and chairs (2).

Impact of Wort des Friedens und der Versöhnung e.V. in Burundi

Hilaire and Angelique Nininahazwe founders and leaders of *Wort des Friedens und der Versöhnung e.V.* (WFV e.V) recently supported Bernadette, a widow, with her two children by giving them a grant as an initial capital to initiate an income generating activity. Bernadette plans to do a small business at public market place. Hilaire himself often come down to Burundi to comfort desperate widows, orphans and other poor people through the Word of Peace and Reconciliation. The Good News is accompanied with material assistance: Shelters for the homeless, clothing for the naked, food for the hungry, school fees, school material and tickets/ bicycle for destitute pupils and students, seed and initial capital for income generating activities, fees for health care and the like are provided to the impoverished. According to beneficiaries conditions of life are improving and it makes a different since WFV e.V intervened!

About Ruth and Susan's Deaf people friends in Burundi

The Director of CCW visited our deaf people friends last November in Bujumbura. However, he found their office closed as they scattered. He then managed to be in touch with one of their leaders, Pastor Israel, via SMS as he cannot hear and speak himself. He wrote me this: "We temporally closed the office since the crisis broke out in Bujumbura to avoid deaf people from being injured. Whenever we need to meet with them we agree on a safe venue....We have been given a place where we can run a class for deaf people in Rugombo - Cibitoke province. There is a need of 1 door, 2 windows, 7 desks, 1 table, 2 chairs, 1 black board to make the classroom operational and teaching material. The cost is estimated at 350,000 Burundi Francs (about £150). Please pray for us and may God bless you."

CCW Plan for 2016:

The priority of CCW is to have the clinic inaugurated soon and run effectively!

Prayer items:

1. Mbabazi clinic to have necessary medical equipments, medications, furniture and staff reserve;
2. Peace to be restored in Burundi.

Thank you for your unceasing prayer and generous support to uplift the poor living in critical conditions of life!

We are open to partnership as we operate in various key domains. For more insights about who we are, our mission and activities, please feel free to check with CCW home page: www.cupofcoolwaterburundi.weebly.com
